

MEMORANDUM FOR: Colonel White

2 February 1954

SUBJECT : Recommendation on DCI Memorandum to Senior Representative,
[REDACTED] 22 November 1953

25X1A

1. It seems to me that the DCI's directives indicated in paragraphs 6(b) and (f) require A-DD/A to get together with the EE Division to:

a. Isolate the fiscal, logistics, and other regulations and procedures which allegedly are necessitating excessive administrative overhead at overseas installations and are an impediment to the contraction of the [REDACTED] mission.

25X1A

2. If specific problems and recommendations have not already been submitted by [REDACTED] for study and solution, it will probably be necessary to have EE ask [REDACTED] to submit a series of studies on his administrative problems and his recommendations in order that we can understand his problems and be responsive to the situation.

25X1A

25X1A

3. Recommend discussion with [REDACTED] to nail this down to a workable course of action. This would appear to be [REDACTED] objective in forwarding copy of DCI memorandum to you at this time.
